### 🤖 rAI Analysis

Hit, you read the entire passage! I heard some mispronunciations, such as 'sand-cassle' for sandcastle and 'holidaze' for holidays, which demonstrates the need to further practice with multi-syllabic words and vowel sounds. Your reading pace was good for your age, and you successfully sounded out most words. Keep up the good work and focus on sounding out the individual sounds in longer words. Let's practice words with short 'a' sounds, like 'cat', 'hat', and 'sand'.

🌟 Keep reading daily, Hit! Every page makes you stronger.
